

BLACK RIVER CAVIAR

# ASPEN GALA: AN EVENING OF CAVIAR AND UNIQUE SENSORIAL EXPERIENCES

July 12, 2016

*Following the strategic decision of participating in exclusive gastronomic events in the United States, on June 17, Black River Caviar was present at the Aspen Gala.*

The Aspen Gala is defined by its creators as an “event of the senses”. The idea is to offer visitors a perfect combination of food, wine and art. With the objective of collecting funds for the Shining Stars Foundation, the event was organized within the framework of Aspen’s famous *Food & Wine Classic*, in Colorado, United States.

Following the strategic decision of participating in exclusive gastronomic events, *Black River Caviar* was present in the 2016 edition of the Gala, delighting with its exclusive caviar a select audience that, during the evening, was

surprised with original artistic performances and new gastronomic proposals, by the well-known chef Daniel Theme. The event also included a tasting of champagne by the brand Mionetto Prosecco, and an auction of works of art for the benefit of the Shining Stars Foundation.

With this event, *Black River Caviar* continues supporting exclusive gastronomic events in the United States, reaching new palates, so they can enjoy the delicate flavor of our caviar.
