Since October, Esturiones del Río Negro has a new CEO, who joins the team to take the company to its maximum potential. He is Peter Gault, a high-level executive with 35 years of experience in finances and foreign trade.

Born in Kenya and educated in Ireland, Peter Gault worked during 25 years in the sector of perishable foods in Europe,

Latin America and the United States. His relationship with Esturiones del Río Negro starts in the year 2007, in the financial domain. After nine years, he was invited to lead this project in a phase of solid growth, to strengthen the company's position as a global leader.

In this phase of the brand *Black River Caviar*, the incorporation of Peter Gault to the company's management team will be, without a doubt, a key contribution to consolidate the brand as a model within the caviar market.
